

## **2022 Pacific Southwest Chapter Society of Nuclear Medicine and Molecular Imaging Virtual Chapter Meeting**

**SATURDAY, SEPTEMBER 17, 2022  
9:45 AM – 3:00 PM PDT**

On behalf of the Pacific Southwest (PSW) Chapter of the Society of Nuclear Medicine and Molecular Imaging (SNMMI), I would like to invite you to our 2022 Continuing Medical Education (CME) meeting. This year the meeting will be held virtually to accommodate the challenging and unpredictable conditions associated with covid.

Our one-day virtual conference will run from 9:45AM to 3PM on Saturday, September 17th. There will be 8 half-hour presentations on high impact topics such as newly FDA-approved prostate cancer imaging and therapy, targeted-estrogen receptor (ER) and somatostatin receptor imaging, PET/MR, dementia and infection imaging. Four hours of CME and SAM credits will be offered. Please join us for our educational program and help build a new tradition for the PSW chapter.

**A special thank you to our 2022 Program Committee:**

**Gary Ulaner, MD, PhD, FACNM**, Hoag Family Cancer Institute

**Hossein Jadvar, MD, PhD, MPH, MBA, FACNM, FSNMMI**, University of Southern California
